The Developer shall not knowingly do or suffer to be done anything which may render voidable any policy or policies of insurance effected under the foregoing provisions of this Clause 9.

9.4 Developer to pay premiums and produce policy

The Developer will pay or cause to be paid all premiums and other monies necessary to effect and maintain such insurance as are required under this Clause 9.

9.5 Developer to reinstate

9.5.1 If the Buildings or the Site are damaged or destroyed by any of the Insured Risks prior to Practical Completion the Developer must forthwith give notice in writing to the Council's Surveyor upon such damage or destruction being brought to the Developer's attention.

9.5.2 If there is damage or destruction prior to Practical Completion due to the occurrence of an Insured Risk the Parties will collaborate (all to the extent necessary) to procure payment or settlement of all claims under the insurances to be maintained in accordance with Clause 9.1 and Clause 9.2 and the Developer will use reasonable endeavours to obtain all the Necessary Consents and other statutory permissions necessary for the rebuilding or reinstatement of Buildings as they were prior to such damage or destruction and/or the Site.

9.5.3 As soon as reasonably practicable after receipt of Necessary Consents and other statutory permissions the Developer will exhibit these to the Council's Surveyor.

9.5.4 The Developer will expend or procure the expending of the insurance proceeds in rebuilding or reinstating Buildings as they were prior to such damage or destruction and/or the Site and the relevant provisions of this Agreement will apply to such rebuilding or reinstating in the same manner as they applied to the original Development of the Site by the Developer under and in accordance with this Agreement declaring that if the insurance monies are to any extent insufficient, or are in whole or in part irrecoverable by reason of any default by the Developer in the performance of its obligations under this Clause 9 then the Developer shall be bound to make up any shortfall in the cost of making good such damage or destruction, out of its own monies.

9.6 Insurance proceeds

9.6.1 Subject to Clause 9.5.4 and to the whole provisions of this Clause all insurance proceeds received by the Developer in advance of reinstatement will be drawn upon by the Developer for the purpose of only rebuilding, repairing or otherwise reinstating the Buildings as set out in Clause 9.5

9.6.2 Without prejudice to the Developer's obligations under Clause 9.5 if the Developer is refused the Necessary Consents and other statutory permissions referred to in Clause 9.5.2 or if for some other material reason such reinstatement is impossible (not on account of any failure by the Developer itself) the Developer shall be entitled to give notice to the Council, and after such notice is given:

- (a) either Party may (by giving further notice to the other) resile from this Agreement (and simultaneously the Parties will terminate the Lease in accordance with the provisions of Clause 19.4.3 thereof) without costs, damages or penalties being due to or by either Party subject to Clause 9.8 and without prejudice to any claim competent to either Party for any obligations to the other Party for any antecedent breach of this Agreement;

- (b) as soon as practicable after service of such notice the Developer shall make safe any Buildings remaining on the Site in accordance with all relevant statutory requirements to the Council's reasonable satisfaction; and
- (c) all proceeds of the insurances effected by the Developer in terms of Clause 9.2 will be utilised first in making any Buildings remaining on the Site safe in accordance with the provisions of Clause 9.6.2(b) and then the surplus (if any) of such proceeds above the costs of making such Buildings safe (the "Surplus") will be divided as soon as possible between the Council and the Developer *pro rata* according to the values of their respective interests in the Site and the Development as at the time when such damage or destruction occurs, in accordance with the corresponding provisions of the Lease but subject to the minimum amount to be receivable by the Developer being the costs (including consequential fees finance costs and interest) paid or incurred by it in acquiring the Site and in the carrying out of the Development at that time or if lower, the Surplus.

9.8 To pay irrecoverable insurance monies

In the event of the Site or such other property or any parts thereof being destroyed or damaged by any of the Insured Risks and the insurance money under any insurance against the same being wholly or partly irrecoverable by reason solely or in part of any act or default of the Developer or the Contractor or those for whom the Developer is responsible for in law and in the event that the Developer gives a notice under Clause 9.6.2 to the effect that reinstatement is impossible and a Party thereafter resiles from this Agreement, then the Developer will at the option of the Council either (a) pay to the Council within fourteen (14) Working Days of written demand to be given after the sum aftermentioned has been ascertained a sum equal to the whole or (as the case may require) the irrecoverable portion (including professional and other fees for completely rebuilding and reinstatement of the Building and/or the Site or relevant part thereof in terms of this clause 9.8) for which the Developer is responsible of such irrecoverable insurance monies or (b) make any buildings remaining on the Site safe in accordance with all relevant statutory requirements (to the Council's reasonable satisfaction).
