The Chief Planning Officer,

Dear Sir,

Planning Application No: 20/01105/FUL 7 Hutton Drive

Having considered the above application, we wish to object to the proposals on the following counts.

The proposal to replace existing windows to the front elevation with new timber 'tilt and turn' windows is contrary to the City Development Plan. The SG9 states in section 2.54 that the "any proposed windows, visible from a public area, match the originals exactly in their design, profile, method of opening and materials." This proposal does not match the original sliding sash method of opening; we, therefore, recommend that this be changed.

Yours faithfully,

Iain J. Wotherspoon,
Chairman, Cases Panel, Strathclyde Group
